Consulting

PROFESSIONAL EXPERIENCE

World Wide Technology

2025 - Present

Solutions, Consulting, and Engineering - Security Consulting Intern

- Contributed to designing and facilitating a strategic tabletop exercise simulating a cyberattack on a critical enterprise supply chain system for a Fortune 50 retailer, focusing on operational recovery, vendor trust, and reputational risk management.
- Collaborated on security projects for multiple Fortune 50 companies.
- Participated in client meetings, taking detailed notes to support project goals.
- Developed and presented capstone presentations to team members.
- Networked within WWT to learn about diverse teams and projects.

Missouri S&T Residential Life

2023 - 2025

Senior Resident Assistant (Promotion)

- Organized and executed award-winning programming, including an academic success event, recognized as Best Event of the Year.
- Mentored and supported a staff of nearly 14 Resident Assistants, serving as a liaison between pro staff and student leaders in a residence hall of over 400 residents.
- Fostered a supportive and inclusive living environment by mentoring residents through regular check-ins focused on academic performance, mental well-being, and personal growth.

Oasis Digital Solutions Inc.

2021 - 2022

Web Developer Intern

- Collaborated with the web development team to design and build a client website, including an AI portal showcasing the company's proprietary AI solution.
 - Developed and implemented backend functionality for a secure user login system using JavaScript and integrated it with a custom database.
 - Gained hands-on experience with core web technologies including HTML, CSS, JavaScript, Git, and GitHub through guided team projects and mentorship.
 - Designed and developed a personal portfolio website to highlight technical skills and project work, currently used to engage with recruiters and industry professionals.
-
